## Slide Presentation of our Beautiful Children

This presentation is a very precious part of our program in paying tribute to our child. We ask that you send a photograph of your child to be presented in our Candlelight program. Dave Simone, who has given this presentation at all the other Gatherings, will again generously donate his time, love and talent to coordinate the presentation. If your child's photograph has been included in Dave's previous presentation or your child's picture has been included in the annual December Candlelight Ceremony in St. Louis, it is not necessary to send another photo. Simply indicate you would like to participate by completing the form below with your information and send with registration. If you do not have a picture of your child you may return the form below and a text slide will be made in your child's memory.
